

“The Season of the Rapture”

Chapter 7

The question before us now is: When might we reasonably expect the Rapture to occur, on the Gregorian calendar, which corresponds to the Jewish calendar equivalent of **5777**? At this point, 2016 is out of the question. A sense of “imminence” or expectancy pervades globally. This is balanced with an understanding in the message Jesus imparted at Matthew 25:13; words implying that no man would know the day or the hour. I do not dispute either the doctrine of “imminence” or the Hebrew “idiom” Jesus used when he addressed His audience. That statement is akin to telling Army recruits, “chow time in the mess hall”. Jews in Jesus’ day knew exactly what Jesus meant when He used the “idiomatic” expression He was referencing - the “Feast of Trumpets”. Readers of the Bible often overlook the abundance of many colloquialisms, metaphors, and idioms within Scriptural narratives or that they were primarily written for a largely Hebrew audience who understood the meaning of those expressions.

The main thrust of this study is to bring to light an educated opinion based on overwhelming Biblical evidence that God has delivered and preserved the Gospel message by using a “Three-Fold” Witness, which is revealed through the use of three separate means to convey it; two of which could not be physically tampered with or easily corrupted by humans and the third if properly translated incorporated within its text a means by which accuracy can be determined historically. All three have been widely studied and researched using a number of different disciplines. Furthermore, over time immemorial, evidence throughout millennia has not diminished the potency of the message today. They are:

The Gospel in Stone

The Gospel in the Stars

The Gospel in the Written Word

Chapter 7 transitions to the importance of the final third witness which we have had in our possession for several thousand years. We are presently in the **120th Jubilee Year**, which God allotted for man’s reign by limiting them to 120 years (Jubilees) -(Genesis 6:3-7). Our current Jubilee Year began in the fall of **2016** and will end in the fall of **2017** on the Feast of Trumpets. This present Year of Jubilee marks the year **“5777”** on the Hebrew calendar. In connecting the “dots” with the information gleaned from the “Gematria” [numerical value] of the 30 Hebrew words in Isaiah 19:19-20 totaling **“5449”**, we discovered that the measurement of the Great Pyramid from its base to its unfinished apex, gives us an identical number of **“5449”** in **Pyramid Inches**. Further connecting the “dots”, we learn the number **“5776”** is derived by measuring the Great Pyramid’s height with the capstone mounted on the unfinished pyramid. Another way to state this concept is: if an imaginary line were to be extended from the slope of the four sides to a point where they converge at its pinnacle, the resulting number **“5776”** is achieved. This calculation has been accomplished many times confirming the height of the finished pyramid or **“5776”** in **Pyramid Inches!**

Many studies of various Biblical events over many centuries have failed to remedy a repeated error made by humans which has often been overlooked when factoring just one year

between 1 B.C. and 1 A.D. Instead the mistaken calculation of adding two years has affected the overall outcome or conclusion in terms of dating events.

<u>Incorrect Count</u>	<u>Correct Count</u>
3 B.C.	3 B.C.
2 B.C.	2 B.C.
1 B.C.	1 B.C.
0 B.C.	1 A.D.
1 A.D.	2 A.D.
2 A.D.	

We are currently in the **120th Jubilee cycle determined by God in Genesis 6:3**, and the Hebrew year **“5776” (October 2/3, 2016)** began this final Jubilee year. All of the calculations related to the Great Pyramid and Isaiah 19:19-20 confirm **“5776”** to be the **“Season of the Rapture”**. The Hebrew year **“5777”** will end with Rosh Hashanah on **September 21-22, 2017**.

It is essential to note that every one of the Three-Fold witnesses converge or unite in their meaning of this present period of time that we are currently living in!

This study proposes that the **“seven”** years of the unfinished capstone will mirror Daniel’s last or final week of the prophetic **“seventy sevens”** or Daniel’s 70th week -(Daniel 9:24-27). In Hebrew, the year **“5776”** means **“Year of Light”**. That is most interesting because Lucifer is known as the “bringer of light” in Freemasonry. The “unfinished” 70th Week of Daniel is about to be fulfilled with the Masonic announcement of their Masonic Christ [Antichrist] at the same time Bible-believing Christians will hear the call from their Bridegroom, the true Messiah saying: **“Come up hither!”** The world is on the threshold of Lucifer’s last and final attempt to thwart God’s plans. Much of the Christian world dismisses the idea of a spiritual war taking place!

David Flynn’s work on the patterns of Sacred Geometry corroborated this premise in many ways. David’s works are still available through Amazon. If his examples of Sacred Geometry confirming the role of the Great Pyramid in the **“Season of the Rapture”** could be incorporated here, it would be helpful. Additionally, dozens of color charts confirm the basis for the conclusion that this present year, **2017** is the **“Season of the Rapture”** and can be found online through Luis B. Vega, an astronomer specializing in eschatological studies. Luis Vega’s charts identify that the Great Pyramid is a **‘clock tower’** which recorded the historical time for man. The termination point or prophetic time is clocked to end in **“5777”**! I encourage readers to access Luis Vega’s website and study the many astronomy charts related to Biblical themes, events, and places. His website is **‘www.postscripts.org’**. It is a treasure trove of information.

Cyclical and themed patterns found in Scripture use a Biblical principle inferred as **“types and shadows”** -(Colossians 2:17). This means that when applied to Bible prophecy, a literal event is an approximation first and foremost. For example, all seven major “Feasts of the Lord” in Leviticus 23 bear a pattern of the Rapture theme encoded within each Feast. The most obvious question is: which Feast coincides most harmoniously with the pattern that relates to the Rapture? Will it be on some other date that is entirely different than the actual Feast date? Some would argue that, if one is relying on the Old Testament patterns to parallel the Feasts for

an anticipated event such as the Rapture, then the law of sowing and harvesting should be followed precisely. Such patterns apply specifically to the economy and dispensation of Israel. But consider this: in the dispensation of the Age of the Church, it is the period when God is grafting the Gentiles in and harvesting for Himself a "Bride" for the King. In other words, God will not set His pattern aside. This is best illustrated by the fact that Jesus Christ fulfilled the "Spring" Feasts precisely in detail and on time, to the day, hour, and moment! Therefore, since Jesus fulfilled the "Spring" Feasts with such perfect precision, we can conclude then that He will also fulfill the "Fall" Feasts in the same manner and with the same perfect precision.

THE SEVEN JEWISH FEASTS

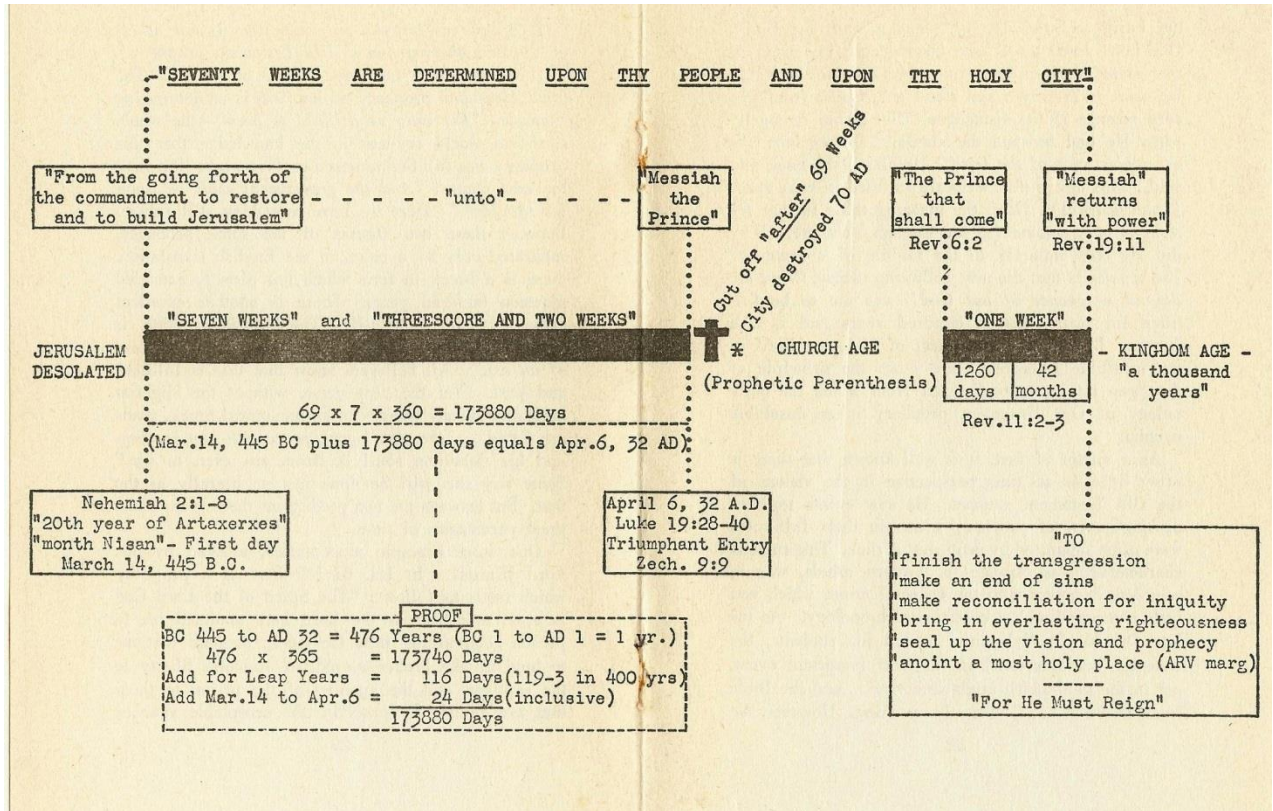

Appointed Feasts and Holy Convocations of Leviticus 23

"These are a shadow of the things that were to come; the reality, however, is found in Christ"
Colossians 2:17

Month of Nisan 14th 15th 17th				Month of Sivan 7th				
SPRING FEASTS				FALL FEASTS				
3 days			50 days			70th week of Daniel

Feasts Fulfilled at Christ's First Coming				Feasts to be Fulfilled at Christ's 2nd Coming				
Priestly role - Suffering Servant				Kingly role - Coming King				

The Jews observed three yearly harvests: the 'barley' harvest in the spring, the 'wheat' harvest in the late summer/early fall, and the 'fruit' harvest at Tabernacles. The end of the wheat harvest occurs at Rosh Hashanah or the Feast of Trumpets. The Church age includes a mixture of Jew and Gentile, just as with the typology of Boaz and Ruth. The corresponding point is that both will eventually be harvested at the end of the **120th Jubilee** cycle. From that point going forward there will be a prophetic transference reverting back to the legal protocol pertaining to Israel. Based upon the pyramidion pattern of **"5776"**, including the capstone, this event is about to commence and that can only start at the beginning of a final "seven" year cycle, just as harvests were practiced in Israel, which also began and ended on a "seven" year cycle. The beginning of a new "seven" year cycle launches with a sighting of the "new moon" on the Feast of Trumpets in the Hebrew New Year of **"5778" (September 20-23, 2017)**. Thus, it is highly likely that the Jewish "New Year" of Rosh Hashanah or Feast of Trumpets becomes an imminently critical point in time for those who are **"watching" for Christ Jesus' return** indicating the harvest gathering of His Bride (the Church) and the Rapture will begin! This can be expressed as the period from **September 20-23rd, 2017**.

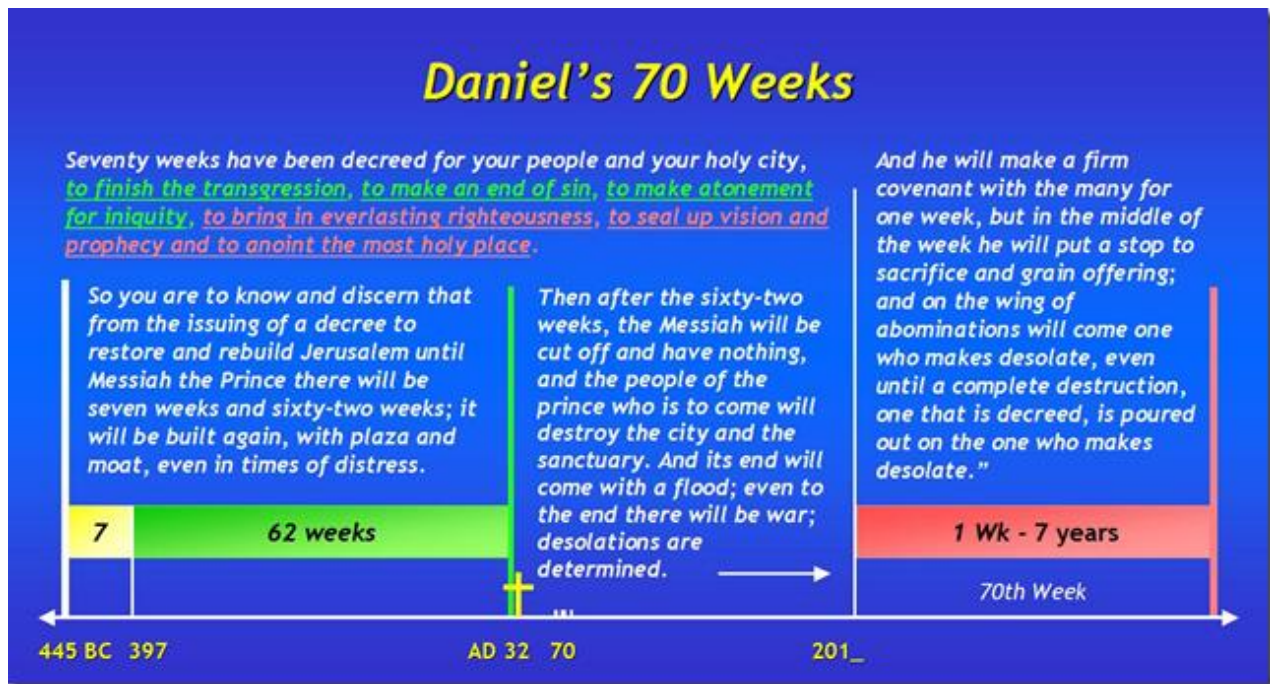

Public news in Israel is that even the police are preparing for the arrival of the Messiah. This appeared in an Israeli news report during early January, 2017. It is just another example of the growing excitement that exists among the Jewish people in Israel today. They are anticipating their Messiah and planning welcoming events, but it is unfortunate that they are not preparing for Christ Jesus as their true Messiah. Scripture says that they would accept another. ***"I am come in my Father's name, and ye receive me not: if another shall come in his own name, him ye will receive".*** –(John 5:43).

The above chart is the most accurate and descriptive of the Daniel 9:24-27 prophecy one has available today. It goes back to my early days in ministry and validates the Dispensational Theology. By that I am saying the Bible is to be understood first and foremost as a literal and historical document. It refutes the allegorical and spiritualization of Scripture, an error that 90% of all Christian churches make today. Even Dr. Chuck Missler has said for years the Daniel 9:24-27 prophecy is the most important passage of the Bible for our day! He is absolutely 100% correct. To doubt or discount this text leads to a futile effort and will end in total despair.

This particular harvest theme implies that the allowed period of time for something has ended! The highly probable conclusion is based on the celestial patterns, the pyramidion capstone, and the Feast patterns. The evidence is astonishing when the fullness of the entire composite of events is examined. Daniel 9:24-27 is a prophetic timeline given to Daniel by Gabriel foreshadowing a larger blueprint of 'time' which also includes when time will 'end'.

Moreover, the Lord gave Daniel the “exact time” when the Messiah was to arrive at His First visitation to Israel. This led to the precise point in time when Jesus presented Himself to the Jews as their King on Palm Sunday in 32 A.D.

This time period in Daniel 9:24-27 was a prophecy of seventy weeks of prophetic years amounting to **490 years** ($70 \times 7 = 490$). The text divides the 70 weeks into **7 weeks**, **62 weeks**, and **1 week**. What has always been in contention is that the last week of Daniel's seventy weeks of years is still presumed to be unfulfilled, or at least in part, and future in time. I believe fervently that Dispensationalists have correctly interpreted the Seventy Weeks of Daniel 9:24-27! But supposing it is a "dual prophecy" that has remained in the shadows of time, or obscured from its full meaning? What then?

First of all, these 490 years were "years", or "*shabuahs*" or periods of "sevens", or "**Heptads**". We are closing in on the end of 483 years of "sevens" with 1 year of "sevens" remaining. The Great Tribulation commences at or shortly following the Rapture of the Bride/Church. Over the 50 years that I have been studying Bible prophecy (since June 8, 1967), I have heard various suggested time lengths between the Rapture and the beginning of the final "*shabuah*". Numbers touted about ranged from a few hours to as many as several months. I keep coming back to my favorite statement by the late Hilton Sutton, "*When the bombs are descending, the saints will be ascending*". I do believe it will be that close as Jesus Christ said Himself, that if God did not intervene, man would destroy himself. —(Matthew 24:22). A lot will depend on the Man of Sin, when he signs the covenant with the many, and reinstates the Oslo II Accords of 1994

I am including my J.P. Green Interlinear Hebrew/English text for Daniel 9:24-27 to support my premise that Daniel 9:24-27 is a dual prophecy with a dual fulfillment. I discuss this aspect in much more detail later in this segment. Hebrew is as complex as it is simple!

The judgment penalty on Israel was to be "seventy years" for the national Sabbaths which the nation did not observe once Israel crossed the River Jordan into the Promised Land. From this significant marker in time, it would be a factor of $70 \times 7 \times 7$, which equals 3,430 years. This time period started at the point when the Israelites crossed the Jordan River and entered

from to the vision.
 [24] Seventy weeks are decreed as to your people and as to your holy city to finish the transgression and to make an end of sins, and to make atonement for iniquity, and to bring in everlasting righteousness, and to seal up the vision and prophecy, and to anoint the Most Holy. [25] Know, then, and understand, (that) from the going out of the commandment to restore and to build Jerusalem to Messiah (the) Prince (shall be) seven weeks and sixty-two weeks. The street shall be built again, and the wall, even in times of affliction. [26] And after sixty-two weeks, Messiah shall be cut

the Promised Land in 1416 B.C. This calculation is deduced from passages such as 1st Kings 6:1, 1st Chronicles 6:33-37 and Judges 11:26. The next segment identifies these passages and how they relate to the issue of the Jubilee requirement once Israel had settled in Canaan. This will be explained in greater depth in the final segment of this study series.

Note closely here the implications of the math: **3,430 years** minus 1,416 B.C. = 2014 + 1 year or **2015 A.D.** (no zero year between 1 B.C. and 1 A.D.). I will return to this discussion in the final segment. It virtually corresponds to the previous discovery for the **“Gospel in Stone”** date by a year. I recently reviewed Ms. Nora Roth’s work of *‘7Trumpets.org’*, and I essentially agree with most of her study, particularly a point she makes concerning the “key” to understanding the entire Bible’s structural design, the overarching concept of the “Covenant Number 7”. Her work suggested the Lord’s return of December, 2016. Her data calculations did not factor in data I previously covered in the “Threefold” Witness. “Seven” is the key that unlocks God’s plan!

After Israel observes the Jubilee Cycle Year based on Leviticus 25 (Jubilee Year of **“5776”** or **2015-2016**), the next or following year will conclude with God’s mathematical signature **‘777’** in the Jewish Year of **“5777” (2016-2017)**. This is where we are currently on the calendar. Rabbis reference the year this way: It is the year known as “Divine totality and completion”. The year **“5776” (2016)** is the 7th Sabbatical marked off from **June 7, 1967**, which followed the Jubilee cycle (**7 X 7 = 49**) for **1917-1966**. At that time, East Jerusalem was restored to Israel which began its rebuilding process during troubling times just as Daniel prophesied. The ‘Torah Calendar’ (<http://torahcalendar.com>) notes that this past **September 23rd (2015)** from the observance of Yom Kippur through to the next Yom Kippur on **October 12th (2016)**, three different cycles will have been fulfilled: Sabbatical (7 years), Jubilee (50 years), and Millennial (6,000 years). But there is a missing year in the counting. Do not despair, for there is an answer!

49 prophetic years or (1 Jubilee period) x 360 days = 17,640 days. From **June 7th, 1967 + 17,640 Days = September 23, 2015**, which was the Jewish Feast Day of Yom Kippur or the Day of Atonement! The final 120th Jubilee Year began on September 23, 2015. If you think a problem exists, then you are correct. We are missing a year from September 23, 2015 until October 2-3, 2016. The Jubilee Year is considered a year of REST! There were other matters, such as the cancelling of debts, freeing prisoners, etc., but it was primarily to be a year of REST, first and foremost! This means that God’s people were to be resting before the Messiah returns. The answer to this dilemma will not come in quite the way we might expect!

The period just before Jesus’ return identifies one very important reason why He is to come back. **It will be to interrupt the forthcoming terrible times the world will ever know**. In fact, Jesus reveals that if Lucifer had his way with his evil nefarious plan, no life would be left alive on earth -(Matthew 24:22). This means that after the last “7” year cycle to be fulfilled, **mankind’s governing power on earth in terms of time will be over!** Until that time, Daniel’s prophetic 70th Week of “7” years is yet to be completed. Christ Jesus gave us a glimpse of the conditions facing the world of man in that specific time period. During that “7” year period spoken of through Daniel, the world and Israel will accept a false messiah -(Daniel 9:26). This is when the **“the Prince that shall come”** is to appear in the Last Days. The passage of John 5:43-44 might seem inconspicuous, but it speaks volumes as the end of time comes into full focus. **“I am**

come in my Father's name, and ye receive me not: if another shall come in his own name, him ye will receive."

Consider the precision of the time span of the ending of the final Jubilee. Looking at the pattern of a Pentecost Menorah as time, we see it revealed: A full Jubilee Cycle is: **50 Years x 360 days (year) = 18,000 days. Beginning with June 7, 1967 + 18,000 days = September 16, 2016**, which fell midway between the two potential dates for the Feast of Trumpets: **September 2nd/3rd** and **October 2nd/3rd (2016)**. A Penumbral Lunar Eclipse was also expected on September 16th, 2016. Only the more diffuse outer shadow of the Earth falls on the face of the Moon during a Penumbral Lunar Eclipse. This is profound beyond our wildest imagination. It's all about time patterns laid out on the seven-branch Menorah. The confusion with the issue surrounding the Feast of Trumpets concerns the spring barley harvest and whether it was ripe for harvesting or not in the month of Abib (Aviv). This issue is another explanation of the cause for Jesus' expression: ***"But of that day and hour knoweth no man"*** -(Matthew 24:36).

The significance of **"5776"** plays out in the message behind the measurement of the Great Pyramid. A quick reference noting the meaning of **"5776"** in Freemasonry: their blueprint for the Great Pyramid begins with the year **"1776"** and this year mirrors **"5776"**. The Great Seal for the United States has **"1776"** imprinted in Roman numerals at its base. In **"1776"** A.D. Freemasonry's unholy plans incorporated the USA. Just as **"1776"** was the "Year of Light" for its beginning, so **"5776"** will be its ending. Based on the patterns found in the Great Pyramid and the Seal of the Luciferian Freemasons, this end point is due to occur in the Hebrew calendar year **"5776"** which began on September 13, 2015, or the Feast of Trumpets. Coincidentally, this date culminates in a 7th Sabbatical (Shemitah) cycle and when the stock market was supposed to have collapsed and bring America down. This in turn would demand the recalibration of the whole international monetary system. The full implementation of the "RFID" microchip or "Mark" of the Beast ensues as a cashless society is forced upon the world at the beginning of Daniel's 70th Week. I saw many examples of how the global financial system was being manipulated to assure President Obama, a so-called favorable legacy for him. Otherwise, a collapse was being delayed for the inevitable collapse to take place on or after President Donald Trump's watch began. Barack Hussein Obama is a Freemason in the Prince Hall Lodge. All of this speaks delay!??????

As has been noted, the Great Pyramid appears to 'clock' the date of **"5776"**, the "Year of Light", in the very apex of its architecture, with the capstone or pyramidion included. Of all the amazing nuances of codes, alignments, mathematics, and sacred geometry of the Great Pyramid, the culmination of time points to the year "2016" and that was very likely its intended purpose. Its meaning is much like that of a "clock" striking midnight! In Freemasonry, initiates rising through the degrees of their Masonic rites and rituals are asked: *"What is it that you seek?"* The candidate responds by saying: *"More Light"*. This is part of their worship rituals as novitiates rise through the ranks in the Masonic degree system.

Presently, as the Great Pyramid stands with its missing capstone or pyramidion, it currently rises to a height of **"5449.3979 in Pyramid Inches"**. As noted, when the capstone is added, the finished height of the Great Pyramid in **Pyramid Inches** equals **"5776"** or 481.40 feet, with an excess of less than 1 yard in Pyramid Inches. These are not exact but sufficiently close

enough to be acceptable. One of the things that I see hampering all of us is the desire for exact precision to the day, if not to the very moment. By that I am saying there are those who will accept nothing short of 100% precision. I see many examples where this is simply not possible for the reason that the Universe has been expanding since the beginning of Creation. Unknowingly, this expansion has been slowing down since God spoke it into existence and so the galaxy and the time-space continuum have not been static. This is why I chose to title this study the “Season of the Rapture”.

Thus the Jubilee Cycle countdown to judgment as well as a release that occurs on “5776/5777” or “2016/2017” may very well be marking the time astronomically and prophetically, of the end of one time period and the beginning of another time period in which the Third Temple can be erected. As reported previously, the Temple’s anticipated construction could be completed within a period of 18-22 months. Within Daniel’s 70th Week, the time to build the Third Temple can be completed, as part of the 70th and final Week of Daniel’s most incredible prophecy -(Daniel 9:24-27) which launches the Seven Year Tribulation.

The antidotal evidence as well as the celestial signs such as the “Blood Red Moon” Tetrad patterns, the Super Moon patterns, the Jubilee war pattern, and so on are converging on the 7th cycle of a 7 year span of time (7 x 7 = 49) that is amplifying and pointing to the year “5776”. As previously noted, the timing of the Rapture of the Bride (Church) of Christ Jesus was strongly tied to the Jubilee Year of Release in 2015-2016. But I still have not yet dealt with the missing year.

In the final segment, strong evidence will be presented pointing to something that was alluded to earlier. What follows is the clincher - a “slam dunk” so to speak with God’s “Three-Fold” Witness pointing clearly to the “**Season of the Rapture**”. The clue in the numerical value of the “Gematria” of the Isaiah 19:19-20 passage is enough evidence for anyone to be on high alert. But there is even more astonishing and confirming proof!

References in the book of Revelation 12:1-12 to the Virgin who is clothed with the Sun and the Moon under her feet wearing a crown of twelve Stars about to give birth to a “Man-Child” is a significant study. It is linked to the symbolism attached to the Rapture. During the period from 2014 to 2022, there are a total of 20 Solar Eclipses with 10 Lunar Eclipses during that same period. Upon a closer examination of the grammar of the Greek text, it appears that Revelation 12:1-5 contains a “**dual prophecy**”. Verses 1-4 speak of the First Advent, and the Nativity of Jesus. But verse 5 speaks of the Second Advent which is before us presently.

As Luis Vega and other Biblical astronomers suggest, if the heavenly signs of Revelation 12 and the Woman seen in the heavens with the Sun, Moon, Stars, Birthing, Rapture, and Drago [serpent] do correlate to the 2017 alignments on **September 20th/23rd, 2017**, then the “sign” itself is foretelling a “Rapture” event that is about to take place first. This could be caused by an event such as WW3, started in Syria, the Ukraine, or the South China Sea, which are but a few areas where the United States has been attempting to provoke a war with the Russian ‘Bear’. China has deployed its lone aircraft carrier to the South China Sea as a sign of its displeasure with President Trump’s remarks in his first weeks of office. It was suggested by several military

analysts that North Korea already may have as many as 60 nuclear weapons. That was noted on a government military website on February 17th, 2017.

Any of these three hot spots, or all of them simultaneously, could quickly go nuclear and lead to the Rapture. Keep in mind, **Revelation 9:15 notes 1/3rd of humanity (2.5 billion people) will be killed when this occurs.** At any rate, based on the order of the “sign” itself, the Rapture will take place before the Great Celestial War and a WW3 event can occur. The expulsion of Lucifer and his followers from the Heavens develops after the Rapture. Lucifer currently has access to the Civil Court in Heaven as the **“Accuser of the Brethren.”** According to Dr. David Reagan of “Lamb and Lion Ministries”, Daniel’s 70th Week of the Great Tribulation will experience eight or nine wars during the Seven-Year Tribulation.

As to how long it will be from the initial Rapture to the Great Celestial War remains to be seen. Luis Vega, a Biblical Astronomer, describes these events as fitting perfectly with what the late Hilton Sutton often expressed: “When the bombs are descending, the saints will be ascending.” Biblical astronomers are dealing with the entire time period from before the Rapture forward in time to what we know as the Great Tribulation, or Daniel’s 70th Week. For the purpose of this study, much of what follows the Rapture will not be covered as it has no direct bearing on our position in Christ Jesus. **The time for salvation is now, not later!** If you are a believer and follower of the Lord Christ Jesus you will be gone when WW3 breaks out. If you are not a believer in Christ Jesus, you are approaching a most precarious period. Noting Pascal’s “wager” you have nothing to lose by asking for God’s forgiveness and deliverance from your sins!

Make no mistake ***we are in the Rapture Zone!*** **We recently completed the 120th Jubilee (September 23, 2015 – October 20th, 2016).** This is not a debatable issue. It has been confirmed by a number of sources such as *TorahCalendar.com* which tracks Jewish chronological data. The year **2015-2016** corresponds to the Jewish year **"5776"**, the **"Year of Light"**. It is similar to the year **"1776"** which rang in the year of 'freedom and liberty'. This Masonic notion couldn't be further from the truth. Once the Christians have departed in the Rapture, the Earth is free to usher in this so-called **'new age of peace'** which will initially be advanced and presented as convincingly possible. On the contrary! Through deception, this 'new' concept **will be a false peace** meant merely to trick Israel into accepting the Antichrist as their long awaited false 'messiah' of Israel. Even Jesus Christ made mention of this in John 5:43-44, noted above. Based upon the patterns presented, the illustration assumes that the "Confirming of the Covenant" is with the Antichrist and a coalition of other nations which will last exactly "seven" years.

The second aspect of this picture is that of the Ezekiel 38/39 War that ensues directly following the prelude to the Psalm 83 War, with no prolonged gap between them. It will begin within a matter of a few short weeks to months between events. This sign is determined by the Tetrad of 2014-2015 that occurred on the Feasts of Passover and Tabernacles. The Feast Days have always been marked as great prophetic fulfillments for the nation of Israel. Because they operate on "Signs and Wonders", the Ezekiel 38/39 War is meant to get Israel's attention. A coalition led by Russia and the Muslim nations will be thwarted by the Lord God Himself. Now that Russia and Turkey have put aside their estranged relationship, all the parties pertaining to Ezekiel 38 is in a general accord. Agreement was reached virtually overnight on August 9th, 2016!

To press the point, perhaps this window of 2014-2015 corresponding to the Tetrad was a warning that would see the beginning of the "Seven" year Tribulation period, but it did not take place. As the Bride of Christ goes up, destruction reigns down on Damascus in the nuclear exchange of Isaiah 17:1-2. This might provoke retaliation by the Muslim confederation with the Psalm 83 War in particular. The time period following shortly thereafter could possibly be when the Gog-Magog event is described in the Ezekiel 38/39 War which would soon follow.

The Antichrist will be "Confirming the Covenant" -(Daniel 9:27), which I believe will be the shelved 1993/94 Oslo Accords based on the supernatural deliverance of Israel by the Lord, but the Antichrist will take full credit through lying wonders. This 'confirming' would be between Israel, the Antichrist, and with the 'Many' [refers to the leaders of Israel] after the Rapture has taken place. This outcome is based on my grasp of End Times events. This could also be the time when another "False Jubilee Year" is proclaimed and a new global digital monetary system heralding the "Mark of the Beast" begins -(Revelation 13:16-17). Following the failed U.S. CIA efforts to achieve a coup in Turkey, we are currently witnessing the leaders of Turkey and Russia as they become ominously cozy with each other. Virtually overnight the tables have turned between Turkey and Russia bringing new meaning to that age old cliché: *"politics often make for strange bedfellows"* and *"the enemy of my enemy is my friend"*. The apparent recent reconciliation between Turkey and Russia now completes the party of nations that make up the Ezekiel 38 coalition.

The following data-point or calculation is highly significant. A Jubilee or Pentecost pattern of time is: **50 years x 360 days (year) = 18,000 days** a full Jubilee cycle. **Counting from June 7th, 1967 + 18,000 days = September 16, 2016.** In addition, a Penumbral Lunar Eclipse occurred on this date as well! It was speaking Rapture to me in a big way, but resulted in silence and delay!

Historically, it is the year following a Jubilee Cycle Year when events become volatile and war often breaks out, similar to what occurred on June 7, 1967. Our Biblical understanding concerning a Jubilee year is that it is associated with a year of rest. Since a Jubilee Cycle is 50 years, few of us ever experience or witness more than two Jubilees in one's lifetime. In my own case, I was a college student, and had just finished my sophomore year when the Israeli Six-Day War of June 7, 1967 ensued. One day later on June 8th, 1967, I began my own personal lifetime study of Bible prophecy. On the morning of June 7th, 1967, I was cutting my little patch of grass at my Methodist parsonage in the village of Rogersville, PA. After finishing a week of final exams, I was looking forward to some respite-time. As I was sweeping the grass cuttings from my sidewalk my church board recording-secretary, Francis Church came running toward me bellowing: "*Rev. Reid, Rev. Reid, is it Armageddon? Is it Armageddon?*" Since I had not been listening to the local radio station in Waynesburg, I said I had no idea but sensed it must be important because I could see she was highly excited. Feeling like a dunce, I vowed from that day forward to study Bible prophecy despite how my denominational leaders felt. They were of the opinion that I was wasting my time studying prophecy.

After becoming a serious student of the Word of God in 1967, I became a professed Biblical Dispensationalist and a "Pre-Tribulation Rapture believer." It's not that I haven't studied the other views of Scripture; quite to the contrary I have done so extensively. In fact, none of the academic institutions I attended taught Dispensationalism or the Pre-Tribulation Rapture. There have been times when I wish that I had, but I attended a United Presbyterian Christian college and a United Presbyterian seminary, and then later at a Free Methodist Wesleyan seminary. All were top notch academic institutions that prepared me well for ministry and doctoral studies.

Ironically, I came to the Pre-Millennial and Dispensational views on my own time and through fifty-two years of study of the Scriptures. I have been a "Pre-Tribulation believer" since the fall of 1968. **Dispensational theology is the only coherent view that makes clear, undeniable sense of the Bible.** All other views have or raise more questions and issues that cannot be reconciled with Scripture. Keep that in mind since Scripture tells us that our God is not a God of confusion. ***"For God is not the author of confusion, but of peace, as in all churches of the saints"***. -(1st Corinthians 14:33).

Albert Einstein once declared publicly: "*God is a mathematician*"! His Master Plan for Redemption is revealed through mathematics and sacred geometry. The celestial pattern of Jesus' First Coming is currently setting up exactly for His Second Coming. I first began researching this particular topic over two decades ago. Periodically I set it aside, only to come back to it again and again. It was Ecclesiastes 1:9 that sparked my return back to this study: ***"The things that hath been, it is that which shall be; and that which is done is that which shall be done: and there is no new thing under the sun"***. This Scripture may not have anything to do with this topic, but it struck a chord with me as I was recently cataloging a master list of my

DVD's on my computer. Pausing for a moment, I took a break to watch a DVD purchased a number of years ago. It was titled: *'The Star of Bethlehem'*. It was then that I decided to resume my research work on the series of God's "Three-Fold" Witness. Building on the previous groundwork that was already laid, I proceeded forward researching the growing evidence I had found, studying the interwoven pieces, and linking them together to discover a complete picture for what they all meant.

The American public have been manipulated since the attacks of 9/11, and led to believe that Islam is our adversary. This is not something new or recent as many might think. In fact, it was the Grand Master of Freemasonry himself, Albert Pike, who created the idea of three world wars to wear out the people of the world so that they would submit and surrender to a global One-World Government. "Submit" – isn't that the definition of "Sharia" law? I would suggest that the CIA is our adversary, not Islam per se. You see, the CIA - the Central Intelligence Agency or is it the Catholic Intelligence Agency that emanates from the Jesuit-Georgetown University, and this is what is really controlling our government.

If you believe the writings of *'World Net Daily'*, talk-radio host Glen Beck, or the books of Joel Richardson and Walid Shoebat (neither of which are their real names), the Antichrist is going to be a Muslim. That is nothing more than the propaganda coming from Jesuit skills who carry water for crazy Pope Francis, who came out on February 18, 2017, stating these words: "**Muslim Terrorism Does Not Exist**". Francis is a very dangerous man! That statement was not "fake" news but has been verified through the official Vatican news agency. He actually said it!

According to the "Religion of Peace" website, in 2016, there were **22,476 Islamic attacks in 59 countries**, in which **21,239 people were killed** and **26,677 injured**. On July, 14 2016, an Islamist murdered 86 people with a truck in Nice, France while 434 others were injured as he deliberately drove his cargo truck through the crowds who were celebrating Bastille Day on the

Promenade des Anglais. As the expression goes, a picture says a thousand words, but the above cartoon speaks thousands of words. Islam is a creation of the Vatican, but they don't want you and the world to know this fact. I'm old enough to know what the Vatican hides and I was a History major in college. I can refer you to dozens of scholarly sources that confirm the Vatican created Islam, and has over a hundred+ points of commonly held matters on belief and faith practices. I would suggest that Joel Richardson and Walid Shoebat are converts to Catholicism and function as Jesuit shills whose purpose is to deflect criticism away from crazy (like a fox) Jesuit-Pope Francis.

I did not want to devote a lot of space to this absurd idea of an Islamic Antichrist but it has gained considerable traction in the media, and according to Joel Richardson has *"caused many to abandon the doctrine of a Pre-Tribulation Rapture"*. More importantly, it provides fire to the fuel and supports Freemason Grandmaster Albert Pike's idea for a Third World War. Check out the website *"Three World Wars"* for more background on this plan supported by the Roman Catholic Institution. Consider the three reasons why the Vatican/Roman Catholic Institution created Islam:

1. To take control of Jerusalem for the popes.
2. To exterminate protesters and dissidents unwilling to submit to RCC "Sharia".
3. To protect the Augustinian monks, churches, and monasteries in North Africa.

These salient points are the principle or primary reasons for the invention of Islam by the revered Saint Augustine, the RCC bishop of Hippo, North Africa. The problem took place when the Muslims reneged and double-crossed the Vatican, and held on to their conquest in the Holy Land. Rome has tried relentlessly to control its offspring, even fomenting the Crusades in the name of Christ. The Vatican has chosen to think that it can coerce Islam into returning to the camp of Rome by jointly worshipping Fatima, the daughter of Muhammed, as the Queen of Heaven by implying they are one-and-the-same! But keep in mind, the Jesuit-controlled Vatican always works both sides of an issue in its long-term 50 and 100-year plans. By leading us on one hand to believe Islam is a religion of peace, the Jesuit Papacy continues to perpetuate the idea of annihilation of Islam through a war, using its Washington, D.C.-controlled Pentagon military hammer to destroy Islam, and bankrupting the United States in the process.

As for the two Jesuit shills (whatever their real names are) carrying water for crazy Pope Francis, they are playing the unsuspecting Christian world for patsies while the secret plan continues to develop to fight a world war against Islam. In the meantime, they rake in big bucks as featured speakers to groups taken in by their sweet-talking authoritative sounding manipulations. Ask yourself the question: *"Who benefits from such a third world war?"* I suggest you do yourself a favor and read the evidence at the website *"Three World Wars"*! The Jesuit-controlled Vatican simply stayed with what works. They have simply reached back into their time-proved Counter-Reformation playbook by using misleading distractions to take the focus away from the pope by using writers do what they do best. The theological systems known today as "Preterism" and "Futurism" were the end product of Jesuit writers trying to put lipstick on a pig while making the pope look appealing to the flocks of the RCC during the period following the Protestant Reformation. This may explain all the secrecy behind Joel Richardson

THE TENTH CRUSADE

WHEN THE VATICAN CALLS UPON YOU TO DEFEAT THE ISLAMIC STATE

iranaware.com @IranAware

and Walid Shoebat, but I believe Walid Shoebat has already been widely exposed as a fake and a fraud by the investigative media.

I recall journalist Alexander Cockburn back in 2002 writing a profound work using the "Tenth Crusade" as a rhetorical device that built an analogy between the US-led War on Terrorism and the historical Crusades at Alexander's web site, 'counterpunch.org'

The word "crusade" was used by US President George W. Bush first on the day of the September 11, 2001 attacks, quoted below, and on the national day of mourning which honored the death of the more than 3,000 victims of the attacks. He said that *"this crusade, this war on terrorism is going to take a while."* The use of this figure of speech was criticized in Europe, and Arabic-speaking countries. Supporters of the President's usage of "crusade" argued that from context Bush had used the word in a military, non-religious sense, such as "The Great Crusade" which was the phrase used by General Dwight D. Eisenhower to describe the D-Day invasion of Europe to the Allied troops in his order of the day broadcast.

In the September 7, 2002 issue of 'CounterPunch' columnist Alexander Cockburn authored an opinion column titled *"The Tenth Crusade"* in which he numbered the War on Terrorism to follow nine medieval Crusades between 1095 and 1272, omitting from his count the Alexandrian Crusade of 1365 and the Crusade of Nicopolis of 1396. Cockburn is thus usually

credited with coining the term, which is almost exclusively used by critics of the US-led operations.

In a *'Newsday'* article issued December 3, 2003, political commentator James Pinkerton offered a more positive interpretation of the crusading analogy. Counting eight crusading expeditions between 1096 and 1270, and characterizing these as "defensive wars", he also likened three intermediate "Christian invasions" of the Middle East to "latter-day Crusades", nominating Napoleon's invasion of Egypt in 1798 as a "Ninth Crusade", the British occupation of Egypt in 1882 as a "Tenth Crusade", and the British and French mandates after World War I as an "Eleventh Crusade". However, Pinkerton's renumbering of the War on Terrorism as the "Twelfth Crusade" has been overshadowed by references to the title of the Cockburn column.

Max Fisher in 2014 argued that Pope Francis comments supporting possible military action against ISIS constituted a call for a "tenth crusade".

U.S. President George W. Bush, speaking at a press conference upon arrival at the South Lawn of the White House, September 16, 2001, said: *"We need to go back to work tomorrow and we will. But we need to be alert to the fact that these evil-doers still exist. We haven't seen this kind of barbarism in a long period of time. No one could have conceivably imagined suicide bombers burrowing into our society and then emerging all in the same day to fly their aircraft — fly U.S. aircraft into buildings full of innocent people — and show no remorse. This is a new kind of — a new kind of evil. And we understand. And the American people are beginning to understand. This crusade, this war on terrorism is going to take a while. And the American people must be patient. I'm going to be patient. But I can assure the American people I am determined, I'm not going to be distracted, I will keep my focus to make sure that not only are these brought to justice, but anybody who's been associated will be brought to justice. Those who harbor terrorists will be brought to justice. It is time for us to win the first war of the 21st century decisively, so that our children and our grandchildren can live peacefully into the 21st century."* Well, that was all a crock, and the massive evidence compiled in the 15 years since 9/11 we know was an inside job and the Muslims were used to create public opinion to support the Bush-Vatican crusades.

President George W. Bush, speaking from a rally for the troops in Alaska, February 16, 2002, stated: *"I want to tell you something, we've got no better friends than Canada. (Applause.) They stand with us in this incredibly important crusade to defend freedom, this campaign to do what is right for our children and our grandchildren."*

Alexander Cockburn wrote *"The Tenth Crusade,"* in *Counterpunch*, September 7, 2002, *"Islamic fanatics flew those planes a year ago and here we are with a terrifying alliance of Judaeo-Christian fanatics, conjoined in their dreams of the recovery of the Holy Lands of the West Bank, Judaea and Samaria. War on Terror? It's back to the late thirteenth century, picking up where Prince Edward left off with his ninth crusade after St Louis had died in Tunis with the word Jerusalem on his lips."*

James Pinkerton wrote, "Century In, Century Out - It's Crusade Time," for 'Newsday', December 4, 2003, "And now, in 2003, the Americans, the Twelfth Crusaders. The West is no longer 'Christendom,' but we, as first cousins to the Europeans, retain the old faith and bring new kinds of idealism, such as democracy and human rights. But the Crusader spirit is still there; it's still about bringing civilization and salvation of a backward people. As the born-again George W. Bush says, 'This is about good vs. evil'." Remember, the Bushes have kneeled and kissed the pope's foot in private. You might doubt that but Vatican insiders confirmed it is done in the privacy of the Vatican with no cameras present. All presidents since Reagan re-established "Diplomatic" ties with the Holy See in 1984 have shown their obeisance (worship) to the Papacy. Furthermore, President Reagan took the oath of office on January 20th, 1981, from the West Wing of the White House facing the revered Obelisk known as the Washington Monument. Every sitting president since President Reagan has taken the oath of office facing the central object of the Vatican, the Egyptian Obelisk, including our newest President, Donald J. Trump. All presidents prior to President Reagan took their oath of office from the East Wing of the White House.

In August 2001 'The Philadelphia Trumpet', a Protestant news magazine, published an article titled "The Last Crusade with opening lines "Most people think the crusades for Jerusalem are a thing of the past—over forever. They are wrong. Preparations are being made for a final crusade, and it will be the bloodiest of all!"

I share all of this as a reminder to naïve and ignorant [those who do not know history] people of the masked secrecy obscuring the public from the fact that the Papacy controls the United States, as well as other nations, through the Biblical "Beast" of the United Nations. If that does not get your attention, then the following post from the web site "News With Views" will add further to my position that the Antichrist will come from a Revived Roman Empire.

It has become public knowledge that Pope Francis and his closest advisers have been holding secret meetings with the world's most evil man, more so than anyone you might think of. The Senior Political News Writer, Jim Kouri of the website 'News With Views', posted a story with the following headline: "**THE SOROS-PAPAL CONSPIRACY: PUSHING THE U.S. TO ACCEPT THE NEW WORLD ORDER**". The copyrighted story was dated February 24, 2017. I've included the opening portion of the story from Jim Kouri's block-busting report, and you will understand why the Vatican can never be trusted:

"Information gleaned from Julian Assange's "WikiLeaks" release of Hillary Clinton's campaign manager John Podesta's emails and "DCLeaks" documents from George Soros' own Open Society Foundation corroborate that Soros' private intelligence agents/detectives secretly meeting with top Vatican cardinals, according to the documents.

For example, while preparing for a Papal visit to North and South Americas, the Pope's minions working in the Vatican went out of their way to get cozy with what's commonly called the radical fringe of the U.S. Democratic Party.

"Basically, from what we've gleaned from the "Wikileaks" and "DCLeaks" material, the Pope is actually colluding with one of the world's wealthiest -- some say wickedest -- neo-

Socialist who is hell bent in creating a single ruling entity for the entire planet. His vision dwarfs even the world described by George Orwell in his cautionary tale 1984," claims political consultant and attorney Michael Baker.

Baker believes that of all the pontiffs sitting on the Vatican throne Pope Francis is the closest to an irreligious Marxist by far. "The fact is our Pope is from South America, which is arguably a hotbed of Marxism, neo-Socialism and totalitarian communism. It gave this Pope a different perspective from those coming from European nations," Baker noted.

At the height of the presidential race between Clinton and Trump, "DCLeaks" documents lifted from Soros' Open Society exposed the more than half-million dollars Soros forked over to PACO, a radical organization of community organizers, for travel and lodging for Vatican strategy meetings in anticipation of the 2016 election. Despite the fact that Trump holds tightly to the pro-life philosophy -- and in fact, he was endorsed by many Protestant clergy men and women including Dr. Martin Luther King, Jr.'s niece Alveda King -- the Catholic Church and its U.S. members appear enthralled by the likes of Clinton, Sen. Bernie Sanders, and Sen. Elizabeth "Pocahontas" Warren, all of whom support partial-birth abortions.

Within weeks of the new Francis papacy, Jeffrey Sachs -- a longtime George Soros associate and adviser -- who is on record taking \$50 million of Soros \$40 billion treasure-trove, was invited to and featured as the Pope's leading expert on the far-left's climate change agenda.

A detailed report on the critical PICO/Vatican trip would certainly be of critical interest to the Chairman of the Clinton Presidential Campaign, underscoring the Soros/Clinton/Vatican partnership. Soros gave at least \$25 million to the Clinton presidential campaign and Podesta previously chaired the Soros' Center for American Progress. And, indeed, the meeting notes disclose valuable insight and intelligence about the leftist cabal at work in the Vatican.

"WikiLeaks" pulls back the curtain on the radicals entrenched in the Francis papacy. The PICO Vatican meeting was not simply a brisk cursory papal meet and greet. Rather, documents reveal that Saul Alinsky activists were invited, welcomed, and dined in intense strategy sessions with high level Vatican cardinals. The leaked emails expose the leftist political machinations behind the Francis papacy, where the Soros-funded community organizers coordinated radical messaging with high level papal cardinal confidantes.

While there is no evidence of the multi-billionaire or the Pope ever meeting face-to-face, the Bishop of Rome did acknowledge Soros, who helped with a Catholic event in the U.S.

In a letter, which is dated February 10, 2017, Pope Francis publicly praises the organization PICO — People Improving Communities through Organizing — which was one of the promoters of this Vatican event.

What Pope Francis does not mention is that PICO is heavily funded by George Soros. A leftist watchdog website describes PICO as a group that "uses [Saul] Alinsky-style organizing tactics to advance the doctrines of the religious left." As John-Henry Westen, editor-in-chief of *'LifeSiteNews'* reported in August, leaks from the Soros Foundation have

shown how Soros funded PICO and other organizations in order to influence the Vatican in favor of certain policies and agendas. Westen reports.

"Leaked emails through "WikiLeaks" reveal that billionaire globalist George Soros — one of Hilary Clinton's top donors — paid \$650,000 to influence Pope Francis' September, 2015 visit to the USA with a view to "shift[ing] national paradigms and priorities in the run-up to the 2016 presidential campaign." The funds were allocated in April 2015 and the report on their effectiveness suggests that successful achievements included, "Buy-in of individual bishops to more publicly voice support of economic and racial justice messages in order to begin to create a critical mass of bishops who are aligned with the Pope." [...] Grantees were PICO, a faith-based community organizing group, and Faith in Public Life (FPL), a progressive group working in media to promote left-leaning 'social justice' causes. Soros has funded left-wing causes the world over and was just found to have been funding an effort to eliminate pro-life laws around the globe."

Readers are encouraged to refer to the '*News With Views*' website and read the rest of the report which contains a lengthy, but only partial, list of Soros-funded activist organizations working on behalf of Soros and his Marxist/Socialist agenda. None of this comes as a surprise to me, as I have been studying the Roman Catholic Institution since I was a stock clerk in a small mom and pop grocery store. I used to deliver groceries to the Sacred Heart Church School rectory, two blocks away, three times a week. I could tell you stories to make your eyes pop out!

At this present moment in time, I believe we find ourselves in the Rapture Zone, or the "**Season of the Rapture**". I am awestruck at how intricately detailed the Creator's Master Plan for Redemption is and how the Lord God Christ Jesus created a most ingenious method for bringing glory to Himself. Tying together the foreshadowing of the Feast Days outlined in Leviticus 23 with the following bullet-point list is no small accomplishment:

- The Gospel in the Stars - Mazzaroth
- The Gospel in Stone - The Great Pyramid and Sphinx complex
- Isaiah 19:19-20 - Gematria
- Biblical Astronomy
- The Year of Jubilee
- The Parable of the Wedding Invitation in Matthew 22:1-14.
- Proverbs 25:2
- Revelation 12:1-12
- Daniel 9:24-27
- Rosh Hashanah or Feast of Trumpets or Yom Teruah

There is one more "dot to connect" in this astonishing "Three-Fold" Witness to reveal the "Season of the Rapture". I trust that it will enrich your faith, confidence, and trust in the God who loves us. He is about to call us up hither shortly. This information will help erase any doubt if you might have wavered even a bit. He is our Blessed Hope!
